BITE SIZE Adult Dog Food can be fed dry or moistened as your dog's sole ration. No supplementation of vitamins or minerals is necessary.

This table is recommended as a guide only. Because of individual differences in temperament, activity level, age and breed, the exact amount of food should be adjusted to maintain the desired body condition.

Fresh water should be available at all times.

BITE SIZE Adult Dog Food is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for maintenance, growth, and reproduction life stages.

*Each cup holds approximately 100 grams of food.
